To Ms. Dillon and Mr. Tom:

I am writing on behalf of Tony Rosacci's Fine Catering.

I am the Senior Event Manager at Belmar Center, a special event facility in Lakewood Colorado, and have been working with Avie Williams and her team at Tony Rosacci's Fine Catering since Belmar Center opened its doors in April 2005.

Tony Rosacci's Fine Catering is beyond doubt one of the best catering companies in Denver. They are the one company on our list of 9 that I recommend to my clients every time. They offer superb service, the highest quality foods and with the new addition of the creative team, the most well-designed and uniquely decorated buffets I have seen in my establishment. They truly listen to what their clients want and deliver each time. I believe Tony Rosacci's team can cater to every event, high-end to the budget-conscious party, without the quality of the event being compromised.

Their staff takes pride in my establishment and returns it to the show-quality condition they find it in each time work here. They handle all of our equipment and inventory with care.

Your list won't be complete without Tony Rosacci's Fine Catering on it!!

If you have any additional questions or if I haven't covered a topic, please feel free to contact me at 303.742.1514.

Thank you for your time.

Sincerely,

A handwritten signature in cursive script that reads "Melissa Hopkins".
