Dear Mr. Rosacci:

On behalf of all of us at the Denver Broncos, I would like to express my thanks for the excellent service provided by your staff during the recent blizzard.

Although we were stuck overnight at the training facility, it was a tremendous help to have your staff here with us. In addition, the combined efforts of everyone at Tony's turned a potential hazard into just another inconvenience to deal with. Since taking over at Dove Valley, Tony's has done a terrific job handling all of our catering needs promptly and professionally. We know that in a pinch, we are always able to rely on you and your company.

Sincerely,

Colin "Chip" Conway
Vice President of Operations
